**Chestertown, MD - Launching of the "Schooner Sultana" a 1760 design two masted schooner, handbuilt in Chestertown by volunteer labor and donations and to be used as a floating schoolroom. Oak planking, Cedar bulkheads, and Osage Orange ribs (an extremely hard wood, three times stronger than oak, but so bent and gnarled it is rarely used for construction but curved perfectly for the ship's rib) went into the ship, and scraps of all three woods were added to the ashes by Brian Suddeth- Scout leader, ash keeper, and Sultana supporter. A neckerchief slide of a clove hitch knot hand carved from Sultana's Osage Orange wood was presented by Brian Suddeth and his scout sons Patrick and**
